Congress of the United States House of Representatives

May 8, 2024

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Expanding Innovative Technology Programs in Cybersecurity and Artificial Intelligence in fiscal year 2025. The entity to receive funding for this project is Rockhurst University, located at 1100 Rockhurst Road, Kansas City, MO 64110.

The funding would be used for developing applied graduate programs for in-demand fields of Cybersecurity, Artificial Intelligence, Computer Science, and Financial Technology. The project is an appropriate use of taxpayer funds because it will support the scientific understanding of these growing sectors that are important to the Kansas City business and scientific ecosystems.

The project has a Federal nexus because the funding provided is for purposes authorized by section 272 of title 15, United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink, appearing to read "Emanuel Cleaver".
